Meadowbrook Farm

Meadowbrook Farm is 460 acres of historic public open space on the Snoqualmie Valley floor, located within the cities of Snoqualmie and North Bend. The mythical birthplace of the Snoqualmie tribe, "Hyas Kloshe Ilahee" (the Great Good Land) was maintained for thousands of years by the Snoqualmies as a hunting and food-growing prairie. Early white settlers homesteaded the land for farms, and these were consolidated during the late 1800s to form the world's largest hop ranch. Subsequent farmers raised crops, dairy herds, green chop and hay.

The land was acquired as jointly owned public open space by the cities of Snoqualmie and North Bend in 1996 for wildlife habitat, historic and cultural interpretation, ongoing agriculture, and public recreation; today much of Meadowbrook Farm remains open field and wetland forest, as it has been for centuries. The land is managed by the Meadowbrook Farm Preservation Association, a 501(c)(3) non-profit organization established by the cities to implement the master site plan for the property. Come walk across the meadow and through the woods, come for a class or just admire the view of this beautiful place.

Meadowbrook Farm is located at 1711 Boalch Avenue in North Bend.
