City of Snoqualmie News Release

For immediate release: December 15, 2011

Two host families needed for Korean students

Snoqualmie, WA – Ten students from Gangjin, Korea will arrive on January 4, 2012 for a student exchange at Mount Si High School. Two of the students still need to be placed with host families.

The students will stay with the host families through January 28. During those weeks, the host family will provide housing and meals for the student and will share cultural traditions and lifestyles. This opportunity could be one of a family's most rewarding experiences.

For more information about being a student's home away from home, please contact Tina McCollum at valent6222@aol.com.

This program is sponsored by the Snoqualmie Sister Cities Association.
