

A Truly Special Event By Life Enrichment Options

2017 Challenge Races!

Are you ready for another year of Challenge Races? We are!

These gravity car races allow those with mental and physical disabilities the experience of a thrilling soap box derby-type race while riding in a car piloted by a typically developing driver who is 10 years old or older. The co-driver is a racer with developmental disabilities (no taller than 5'2" and 130 pounds or less).

Two cars, propelled by gravity, race down the street to the finish line. Each car has brakes so that the driver can safely stop it. Each racer with developmental disabilities has the opportunity to race more than once during each event.

Lunch and an awards ceremony full of smiles completes the day of fun. This **free** event is designed for the whole family, and every child is a winner!

Be sure to check out our website and Facebook for all the updates.
