*Application for Permit for Connection to Public Sewer Connection*

**FOLLOWING MUST ACCOMPANY THIS APPLICATION OR BE PROVIDED PRIOR TO THE ISSUANCE OF A PERMIT:**

Property Address:
Description of Work:
Type of Building:
Size and type of materials:
Attach: 1. Site plan of property, showing location of building, side sewer, collector sewer, named street and public sewer main.
2. If new building, a plan or diagram of plumbing and drainage facilities.
3. A legal description of the property.

The undersigned applicant hereby <u>agrees</u> as follows:
<p style="text-align: center;">The cost of the connection to the public sewer and the cost of construction or repair to the side sewer are the responsibility of the owner of the property. If the city is required to complete any connection or make any repair which is the responsibility of the owner, the city may file a lien for the cost thereof.</p>
2. The owner of the property shall indemnify the city against any loss or damage which may be occasioned by the connection to the public sewer which is authorized by the permit issued pursuant to this application, regardless of fault, including but not limited to damages to the public sewer main, interceptor or lateral, and to public streets and sidewalks, including attorneys fees and engineering and any other professional fees incurred in any claim resulting from such loss or damage.
3. After issuance of the permit, the side sewer and connection to the building shall not be backfilled until tested, inspected and approved for use by the city.
4. The person signing this application is either the owner of the property, or his duly authorized agent, with full authority to bind the owner to the terms and conditions thereof.
5. The information on this application is true and correct to the best of my knowledge.
Applicant's Signature: <span style="float: right;">Dated:</span>
